Director’s Message

It is with a great pleasure that I present the progress of Lokshakti Samajsevi Sanstha (LSS) works and impacts over the year 2014-15. This year, as with every year has been packed full of activities related to our key theme of supporting rural people through an integrated package of interventions that includes water, Sanitation and Hygiene with community based approach, capacity building, community based advocacy, institutional development and other Capacity Development Programmes for rural livelihood enhancement. These initiatives are supported by WaterAid India, Find Your Feet and Childline India Foundation.

During the year Lokshakti Samajsevi Sanstha (LSS) worked under various Programmes in the project villages and launched the awareness and Capacity Building Programmes in different Blocks of Chhattisgarh state to develop skills, knowledge and awareness of rural people.

The organization also initiated training and awareness programmes on WASH for community, Panchayat Raj Institutions including Panchayat Sarpanch, Secretary, Ward Member etc. and other stakeholders on right based approaches to aware the people about WASH in Nine blocks of Rajnandgaon District.

Apart from this the interventions are on Capacity Building, Livelihood Enhancement for rural women, approaches of income generating activities to increase additional incomes, women empowerment covering two one block Manpur for sustainable development of community.

Despite our progress, the need of our work remains huge. In the coming year we intend to expand our operation to provide essential supports and hopefully to continue supports to change people’s live.

I would like to thank to all our financial supporters, partners, staff and friends who have contributed to our achievements and to the continued growth of LOKSHAKTI SAMAJSEVI SANSTHA (LSS) as a development organization.

PROJECT ACTIVITIES (Details of Programmes)

Programme: Scaling Up Sanitation in Chhattisgarh Through Advocacy & Community Approach

➢ Programme Summary:

Lokshakti Samajsevi Sanstha with financial support of WaterAid India is implementing the “Scaling up Sanitation in Chhattisgarh through Advocacy & Community Approach” Program because we observed from our past experience that the PRI is the first legal responsible unit for implementing the WASH program at the village level. The main role of the service providers is to support the people in making this program a success. But, both PRI and service providers aren’t much aware about the WASH program and due to the lack of their knowledge and interest, they do not have the capacity to avail WASH facilities in the rural villages. WASH program wasn’t progressing in the Rajnandgaon district. Hence, the organisation (LSS) planned to create campaign in the Rajnandgaon district which would strengthen the PRIs, build the accountability of the service providers and creating awareness among the communities for their rights so that the program may progress speedily and the WASH program will reach to the deprived community.

➢ Project Locations:

Manpur, Mohla, Chowki, Chhuriya, Dongargaon, Dongargarh, Rajnandgaon, Chhuikhadan and Khairagarh Blocks of Rajnandgaon District of Chhattisgarh State.

➢ Project Objectives:

Objective1: Capacity building of the community, PRI representatives in 9 blocks of Rajnandgaon district to secure and access poor people’s rights on WASH

Objective2: To scale up the sanitation program in 9 blocks of Rajnandgaon district and facilitate community for influencing government for proper implementation of the Total Sanitation Program

Objective3: Advocacy with district administration and state government for speeding up the implementation of WASH programme.
PROGRAMME DESCRIPTION AND ACTIVITIES:

The focused program activities are awareness and capacity building through organizing meetings and trainings, behavioral change of people towards construction of household toilets, campaign and advocacy. The progress of activities as follows:-

**Community Mobilisation:** Community mobilization was carried out in 14 villages of the project area during the year and reached to 1229 people including teachers, PRIs, community members etc. through rally, songs, slogan, small debate etc. to develop their understanding on WASH and rapport building.

- Leveraged Government funds for water supply in Dhodhri village of the project are through advocacy by TRF members benefiting safe drinking water to 926 villagers.
- Done advocacy by TRF members for the old-age pension and now 6 persons are receiving old age pension regularly.
- Recognition of the JOHAR project among the state level government officials.
Village- Dhodhri, State: Chhattisgarh

Name of person in the case study: Mrs. Khembai (a widow)

Family Details/Village Details:
Dhodhri, a small village of Manpur block, is situated 90 km away from its District. This village is located in the eastern side of Manpur. The total number 926 of population is in this village and around 95% of the people are Tribal. The economic condition of the people is not good. Their livelihood is earned by the seasonal cultivation, minor forest products & labour work. The Education is very poor due to the villages being at the interior and remote areas they are not been able to access the government schemes.

Mrs. Khembai is one of the members of the village. She is a widow who makes her livelihood through daily wages work. There are in all five members in her family, of whom she alone is the earning member. However, she owns approximately 1.5 acres of land in the village but since she alone is the earning member of the family, she is unable to cultivate her land and hence has to depend only on her daily wages works. This is very difficult for her to run her family, and hence she used to be frustrated in her life. It was affecting her health as well. She was unable to accomplish all the basic needs of her children and family members. Observing her mother’s problems sometimes the children also used to help her in her daily wages works.

Involvement in the project:

JOHAR project started in January 2014; of Our team member met with the person in the month June and supported her to give an application for obtaining the widow pension. After the submission of the application she regularly kept in touch with our team members.

What was life like before the project?
There are in all five members in her family, of whom she alone is the earning member. However, she owns approximately 1.5 acres of land in the village but since she alone is the earning member of the family, she is unable to cultivate her land and hence has to depend only on her daily wages works. This is very difficult for her to run her family, and hence she used to be frustrated in her life. It was affecting her health as well. She was unable to accomplish all the basic needs of her children and family members. Observing her mother’s problems sometimes the children also used to help her in her daily wages works.

Improvements made because of the project / how have the family/group/villagers benefitted?
The project staff was providing the information on the government schemes and its benefits in the village meetings. The women came to know about these schemes through this meeting, and then she met the project staff and shared her problems. She furnished the details information about her problems and enquired whether there is any provision of government scheme for such a women like her. The project staff listened very carefully to her problems and furnished her the information about the provisions and benefits of widow pension facility being given by the government. The lady got excited to hear about this, she asked the project staff to support her in achieving the benefits of this scheme. The project staff provided her the necessary support in preparing the application and submitting it to the panchayat through the PIC. The women submitted the application in the panchayat and done the regular follow-up on the status of the made application. Finally, her application was sanctioned and she started getting the widow pension since last three months. Now, this is supporting her family members to an extent in meeting the basic needs.

How does it make them feel to be part of the project, what have they achieved and learnt?
She is very happy with the project staff that they helped her availing the benefits of the scheme and supporting her to achieve the facility. Now she proudly attends the meetings of the SHGs and informs others about the help being provided by the JOHAR project. Observing her achievement, the other people are also getting inspired and are linking with the JOHAR project to avail the benefits of the government schemes being provided by the government.

Current challenges still faced by the family/group/villagers
According to Mrs. Khembai, she alone is the earning member of the family and getting the daily wages in the village is very difficult. So this is a concern for her still.

Hopes for the future
After accessing and getting the facilities she is much more confident and encouraged. She wants that in future others are getting motivated by her success.

There are in all four members in his family comprising of his wife and two children, of whom he alone is the earning member. He owns approximately 50 dismil of land in the village.
Involvement in the project:
JOHAR project started in January 2014; Our team member met with the person during the field meeting with the villagers, came to know of his problems and supported him to give an application for obtaining the ration card.

What was life like before the project?
Mr. Sonauram/Govindram aged 41 years is a resident of village Dhodhri who makes his livelihood through daily wages work. There are in all four members in his family comprising of his wife and two children, of whom he alone is the earning member. He owns approximately 50 dismil of land in the village. He asked the Sarpanch of the village panchayat so many times for his ration card, but he was always neglected by the Sarpanch giving the reply that his ration card could not be made.

Improvements made because of the project / how have the family/group/villagers benefitted?
The project staff was providing the information on the government schemes and its benefits in the village meetings, where Mr. Sonauram was one of the participant. He carefully listened to the project staff and came to know about the various government schemes. During the meeting, the project staff asked the villagers to share their problems if they have any. Then, Mr. Sonauram shared that he is being able to get the ration card from the panchayat. He had asked the Sarpanch many times for his ration card but every time the Sarpanch replies that the ration card
isn’t being made. Observing the situation, the project staff visits the Sarpanch and enquires him about his status. Again the Sarpanch gives the same reply. Meanwhile, the district level problem eradication camp (Jansunvai) is being organized in the headquarter of Block Ambagarh Chowki. During this campaign, the project staff visits this campaign along with Mr. Sonauram and files the complaint along with the application for his ration card. Apart from Mr. Sonauram’s application, the respective panch of village Dhodhri also visits this Camp and applies for total 8 applications. Within a week, the respective village panchayat Dhodhri receives the order for making the ration card of 8 people. Receiving the order letter, the Sarpanch completes the formalities of making the ration card and hands over this ration card to Mr. Sonauram and other respective persons. In this way, he succeeds in receiving the ration card and now he is happy.

**How does it make them feel to be part of the project, what have they achieved and learnt?**

He is very happy with the project staff that they helped and supported him in solving his problem. Now he proudly attends the meetings of the SHGs and informs others about the help being provided by the JOHAR project. Observing his achievement, the other people are also getting inspired and are linking with the JOHAR project to avail the benefits of the government schemes being provided by the government.

**Current challenges still faced by the family/group/villagers**

Presently, Mr. Sonauram is very happy availing the benefits and facilities being provided by the government through the ration card and doesn’t report to have any challenges.

**Hopes for the future**

In future, Mr. Sonauram hopes for the getting a good employment opportunity for fetching and meeting his family’s needs. Also, hopes to have his own house and a good education facility for his children.
